## TERRIFIC EXPLOSION ROCKS CHICAGO

### 'BLAST FROM POWDER MAGAZINE AT M'COOK FELT 12 MILES AWAY

Shatters Windows in Summit and Argo and Puts Out the Lights in the Former Place—Blows Part of Freight Train from Track—No Report of Any Deaths Received

CHICAGO, Feb. 24.—Explosion of a powder magazine in a stone quarry in the southwestern outskirts of Chicago tonight shook the entire city and caused considerable excitement before the site of the detonation could be discovered.

Alfred Kendle, operating a train loading stone some distance from the magazine, was the only man injured. He was thrown 15 feet and his arm was fractured. The roof of the sanitary district station a mile from the quarry was caved in. Thirty five men employed in the crushing plant near the quarry were "not hurt," altho the building was partly demolished. Many laborers employed in the quarry live in cottages nearby, but none of the occupants were hurt beyond cuts from broken glass.

### UNNAMED VICTIM IS SELECTED FOR PUBLIC FUNERAL

To Represent Those Who Died in Flight of Airship Roma

NEWPORT, Feb. 24.—An unnamed soldier from among the dead in the disaster to the Airship Roma was selected as representative of all those who gave their lives in the fatal flight, for a public funeral today. Resting in a plain casket under the folds of the flag on a grassy prominence in the center of a huge hollow square he received for himself and the 23 others who died in the disaster a last farewell from his comrades and from others among whom he had lived.

Moving in funeral steps to the strains of the Dead March from Saul played by a band from Langley Field the funeral procession entered the square. Gathered about the square were the thousands. As the body was laid on its natural catafalque, a squad of airplanes from army and navy flying stations nearby swept in great circles high over the flag canopied coffin swinging nearer and nearer to earth in every smaller turn. Finally with a mighty roar they swooped one by one over the square, scattering showers of lilies and crushed rose leaves.

There was a short prayer by Chaplain Samuel J. Smith of Fort Monroe and another by Rev. J. E. Degafferly, of this city. Attorney General John R. Saunders of Virginia, delivered a eulogy.

### HARDING SIGNS TRANSPORTATION BILL

WASHINGTON, Feb. 25.—President Harding today signed the bill amending the transportation act to extend for one year from February 28 the time for filing with the government claims growing out of the government operation of the railroads. The measure also provides that the statute of limitations against claims for which no award has been made by the interstate commerce commission shall not begin to run for a year after the making of the award.

### ILLINOIS TOWN RESEMBLES VENICE

Freeport, Ill., Feb. 24.—Winslow, two miles north of Freeport is under water as a result of the overflowing of the Pecatonica river. The town, swelled by heavy rains, has become a torrent and it is feared that bridges will be swept away. Many stores and residences are flooded and the inhabitants are moving about in boats. There was considerable damage also at McConnel, also on the river.

### MUSCLE SHOALS CONTROVERSY IS GETTING TANGLED

May Be Settled by the Time Millenium Arrives

WASHINGTON, Feb. 24.—Developments today in connection with the government's proposed disposal of its properties at Muscle Shoals, Alabama, to private enterprise included a decision by the senate to permit its members to visit the projects in Alabama, the submission by Secretary Weeks to congress of the offer for completion and operation of the properties made by Frederick E. Engstrom of Wilmington, N. C., and the hearing by the house military committee of Thomas W. Martin, president of the Alabama Power company. The senate approved an expenditure of \$2,000 to defray the expenses of senators who desire to make the inspection trip without limiting the number of prospective visitors from its membership. The time for the visit will be determined by the agricultural committee when it meets next Tuesday.

In the house committee a row was precipitated during the examination of Mr. Martin by Representative Miller, Republican, Washington, on the contract executed by the Alabama Power company and war department officials by which the "warrior" steam plant was constructed for government use during the war.

Mr. Martin explained that section of the contract under which the power company claimed an option permitting it to buy the plant in the event it was ever decided to sell the plant and accessories to private interests.

"It seems to me," interjected Mr. Miller, "that the whole business has been so shaped, entwined and stitched up that no human being could ever come into competition with the company."

Says Company Is Fair. Mr. Martin explained that the company had been fair at all times, had given the government title to its properties at Muscle Shoals upon which it had invested \$500,000 for \$1, and stood ready and willing to buy the plant at a "fair value" under the option it held.

Unless the plant was sold accordingly, he said, it would have to be removed from the company's property at Warrior.

Mr. Miller earlier had complained that the plant and the company's properties had been so ingeniously interwoven that it was impossible for the government to divide its interests from those of the power company or dispose of them to Mr. Ford or any other private interest. His contentions had been opposed each time by Mr. Martin.

Interest in the debate on the Warrior plant and accessories, was intensified because of the closer relation to the properties and the offer Mr. Ford has made for the Muscle Shoals project as a whole. In the event congress would accept that offer it was explained, it would obligate the government to give clear title to them to Mr. Ford and refusal of the claim probably would entail prolonged condemnation proceedings in the courts.

Secretary Weeks transmitted the Engstrom proposal to the senate and house for reference to the agricultural and military companies respectively. He refrained from any comment on the offer.

Chairman Kahn expected tonight to conclude hearings Tuesday on the Ford bid.

### WAX FIGURES SELL AT SMALL PRICES

Berlin, Feb. 24.—Wax figures of a number of internationally known persons were sold at auction in Berlin today. Here are the prices some of them brought: Former Emperor William, 15,000 marks.

Premier Poincare of France, 10,000 marks.

WASHINGTON, Feb. 24.—The application of the Wabash, Chester and Western Railroad, a carrier operating in Illinois for a government loan of \$500,000 was denied today by the interstate commerce commission which held the loan was not necessary to continue operation and that the security offered was insufficient.

### APPROPRIATION WILL BE ASKED FROM CONGRESS

Use Would Have Lessened Loss of Life in Roma Accident

WASHINGTON, Feb. 24.—Believing that the loss of life in the destruction of the giant airship Roma would have been greatly lessened had the big craft been filled with helium instead of hydrogen gas, President Harding and cabinet members were understood to have decided today to ask congress for a liberal appropriation for production and conservation of helium.

The matter of increasing helium production was said to have been discussed by the cabinet for half an hour. Secretary Fall having before the president and other members considerable data on the non-inflammable gas and also the draft of a tentative bill to provide for increased production and conservation. Among the related subjects discussed it was learned, was the possibility of obtaining stores of helium by the government from the natural gas fields on public lands.

Another development was the disclosure that diplomatic negotiations were in progress between the state department and the allied governments and Germany in connection with the proposal that Germany should build a Zeppelin dirigible airship for the United States under American reparations allotment.

While the allied governments, thru the council of ambassadors have consented that Germany should construct such a ship, a difference has arisen as to whether the amount of the American reparations allotment would cover the cost of the ship.

Secretary Denby of the navy department made it clear today that unless the reparations figures would cover the construction work so that no additional expense to the United States government would be involved the re-ordering of the navy department for the Zeppelin would be withdrawn.

Under the terms of the treaty of Versailles, Germany was required to deliver 13 Zeppelin airships to the allied and associated governments to be prorated among them. The United States was to have received two. After delivery of six vessels to the allied governments the remaining seven in Germany were illegally destroyed and the reparations commission has required that Germany should replace these seven either by construction or in cash payments.

The German officials have made statements as to the cost of construction of modern Zeppelins for civil use such as described by the United States. This estimate it was explained today, is greater than the valuation placed by the reparations commission upon two Zeppelins originally allotted to the United States but were not delivered.

### RAILWAY EXPRESS EMPLOYEES' HOURS OF WORK FIXED

Are Placed on the Same Basis as Railway Clerks

CHICAGO, Feb. 24.—Railway express employees were placed on the same basis of working hours as railway clerks who do similar work, by the United States railroad labor board, after March 1, in a decision today eliminating the nine and one half pay for the night hour and creating a split track of eight hours within a spread of twelve at straight time rates.

The new rules supersede the national agreement made under federal control with the American Railway Express company. They will cover about 75,000 employees, several thousand shopmen have been included in the Federated Shop Craft last year.

Straight time will be paid for the first nine hours work each day, altho the rules retain in principle the eight hours as constituting a day's work. Time and one-half will be paid for all work over nine hours.

In the split track arrangement eight hours' work may be spread over twelve hours, where relief is provided of one hour or more at a time.

### NEW COAL MINE TO OPEN IN PEORIA

Peoria, Ill., Feb. 24.—A new coal mine employing 160 men will be opened in East Peoria by the Manhattan Coal company. Sinking of a shaft will be begun as soon as weather permits.

### REPUBLICANS NOT IN FAVOR OF SALES TAX

Special Sub Committee Turns Down Proposal Friday

WASHINGTON, Feb. 24.—Rejecting 7 to 3 a proposition to pay the soldiers bonus by means of a sales tax, the special sub-committee of Republican members of the house ways and means committee was understood to have gone on record today, five to four, in favor of reporting an adjusted compensation bill without any provision for raising the revenue.

The sub-committee reported to the entire majority membership of the committee later but a decision was deferred until Tuesday to give committee members time to study the matter. Some of those professing to have sounded sentiment among the majority members were of the opinion that unless there were unforeseen developments between now and Tuesday, the action of the sub-committee probably would be ratified. There were said to have been several other votes in the sub-committee. It was learned that a motion to report a bill carrying only an insurance provision was defeated, 6 to 2.

Both proponents and opponents of sales tax appeared to be surprised by the vote on that proposition. Both sides had been claiming a victory with each seeming to expect a fairly close vote. Representatives Longworth of Ohio, and Bacharach, of New Jersey, were said to have been the only members voting for a sales tax.

On this ballot the men reported to have voted in the negative were Chairman Fordney and Representatives Copley, Illinois; Treadway, Mass.; Watson, Pennsylvania; Timberlake, Colorado, and Chandler, Oklahoma.

Mr. Chandler was absent but Chairman Fordney voted his proxy. On the ballot to report out a bill without any revenue provision the sub-committee was said to have divided as follows:

In favor of: Fordney, Frear, Copley, Timberlake and Chandler.

Against: Longworth, Bacharach and Watson.

Plan Political Effort. It became known today that Representative Frear and Dickenson of Iowa, and Woodruff of Michigan, called on Chairman Fordney yesterday and frankly laid before him the whole situation placing emphasis on its political aspects. They were understood to have contended that a sales tax would cause general dissatisfaction; would make the soldiers' bonus extremely unpopular and might result in political upheavals in many normally solid Republican districts.

Those favoring the passage of a bonus bill without any provision for raising the revenue, said such legislation could be followed by another bill giving the secretary of the treasury authority to use proceeds from the refunded bonds in paying the bonus. They said the expectation now was that bonds, at least the horizon bonds would be in hand by June or July and that money could be realized on them for cash payment.

Because of the magnitude of the task some doubt was expressed today that the cash payments could be started October 1, the date fixed in the bonus bill as amended.

Senator Moses, Republican, New Hampshire, in the senate announced his opposition to the adjusted compensation legislation even with a sales tax attached. His position was attacked from the democratic side.

### NEWSPAPER MAN GETS DECORATION

Chicago, Feb. 24.—John C. Schaefer, head of the Schaefer group of newspapers and publishers of the Chicago Evening Post, was decorated with the French Legion of Honor today in recognition of the services of his papers to humanity.

The decoration was conferred by Anthony Barthelmy, consul general of the French republic at a luncheon at the Chicago club.

### WALLINGFORDS ARE INDICTED

Chicago, Feb. 24.—Indictments containing 12 counts against Raymond J. Bischoff, his brother and 20 field agents were returned by the grand jury today. The men are charged with conspiracy to defraud. Bonds were set at \$10,000 for each of the Bischoffs and at \$2,000 each for the agents.

### COMMITTEE MAY TAKE FINAL ACTION ON THE FOUR POWER TREATY

Senate Leaders Have Reached Agreement—Unite in Support of New Compromise Reservation—Harding Sees No Reason for Slightest Change in the Present Form

WASHINGTON, Feb. 24.—An agreement for final committee action tomorrow on the four power Pacific treaty was reached by senate leaders today after the administration forces and a group of Republican reservationists had united in support of a new compromise reservation.

The compromise was laid before the committee by Senator Brandegee, Republican, Connecticut, after a conference with President Harding as a substitute both for the compromise suggested yesterday by Senator Lodge, committee chairman and for the reservation previously presented by Senator Brandegee, but said to have been found unacceptable to the white house.

Committee members understood that the new draft would be satisfactory to Mr. Harding.

The only opposition to the draft from the Republican side of the committee is said to have come from Senators Johnson of California and Borah of Idaho, who contended that it did not sufficiently disclaim any moral or legal obligation to maintain the rights of the other treaty signatories and did not give to congress the right to pass on all adjustments reached under the treaty provisions. Both of these restrictions were set forth specifically in the original Brandegee proposal.

On the democratic side, Senator Pomeroy of Ohio was said to have led the fight against the reservation, moving to eliminate the words "no alliance," on the ground that to include them meant to deny directly the language of the treaty itself. His motion still was pending when the committee adjourned.

Meaning at the white house it was said that President Harding still saw not the slightest occasion for any reservation on the four power treaty. There is one simple objection to a reservation that is said and that is if this government cannot do things designed to promote understandings and bring nations into accord without having such things vetoed by congress or the senate, it will be in a very poor position to accomplish anything in the world.

Attack Yap Treaty. In the senate debate proceeded today on the separate treaty with Japan regarding Yap and the other former German Islands north of the equator, Senators Pittman of Nevada, Reed of Missouri and Watson of Georgia, all Democrats, in turn attacked certain provisions of the treaty and notice was given by Senator France, Republican, Maryland, that he would begin tomorrow a speech in opposition which might last for several days.

Both Senators Reed and Watson included in their addresses a general attack on the arms conference series of treaties and Mr. Reed progressed to assail George Harvey, American ambassador at London, whose recall he demanded.

Mr. Root took the floor after delegates from several states had voiced disapproval of "unjustifiable methods to drive poor but deserving applicants from the legal ranks," and after former Senator Thomas of Colorado had concluded a denunciatory address on what he termed "an uncalculated movement."

Mr. Root pictured conditions which he declared "enabled crooks and blackmailers to practice fraud under the protection of shingle and to call themselves lawyers by reason of deplorable conditions, which should be corrected without delay." While the demonstration was at its height the motion was carried on a rising vote.

The delegates late today were received at the white house by President and Mrs. Harding and tonight attended a banquet at which addresses were delivered by C. A. Severance, president of the

### BLUEBEARD OF GAMBIA DIES

VERSAILLES, Feb. 25.—Henri Landru, the "Bluebeard of Gambais" was guillotined at 6:05 this morning. (Saturday.)

Landru died gamely. He walked to the guillotine unaided. His head fell into the basket as the first rays of the dawn gleamed in the sky.

### THIS WOMAN HAD EIGHT HUSBANDS

Cleveland, O., Feb. 24.—Mrs. Jessie Seaman, 38, who admits being the wife of eight men whom she married without obtaining a divorce was sentenced from one to seven years in the Marysville reformatory by Combs Pleas Judge Walther today.

"I am alone to blame," Mrs. Seaman said when sentence was passed.

### SAYS ITALIAN IRRESPONSIBLE

Newark, O., Feb. 24.—Joe Fritz, an Italian held at Clinton, Ill., charged with attempting to burn a bank is said by relatives here to be mentally irresponsible. It is stated that he was discharged from the army because of mental deficiency. Fritz left Newark about eight months ago and relatives have been endeavoring to locate him thru the Red Cross.

His real name is Guallo Della Fritz and he has never been naturalized.

### LAW STUDENTS MUST TAKE UP COLLEGE WORK

Would Compel Them to Do at Least Two Years Work

WASHINGTON, Feb. 24.—The national conference of bar associations at its closing session today adopted practically unanimously the recommendation of the American Bar Association that future members of the bar be required to have at least two years' college education in addition to their regular law school work. The action was on a resolution, which it had been explained, would place the associations under the moral obligation of striving to have this educational standard set up in their states and universities.

The vote was taken in the midst of an ovation to Elihu Root, who had just concluded a stirring appeal to the representatives of the more than 750 bar associations present not to permit the illustrious examples of the successes of the past to block the purification of the American Bar of the future.

Mr. Root took the floor after delegates from several states had voiced disapproval of "unjustifiable methods to drive poor but deserving applicants from the legal ranks," and after former Senator Thomas of Colorado had concluded a denunciatory address on what he termed "an uncalculated movement."

Mr. Root pictured conditions which he declared "enabled crooks and blackmailers to practice fraud under the protection of shingle and to call themselves lawyers by reason of deplorable conditions, which should be corrected without delay." While the demonstration was at its height the motion was carried on a rising vote.

been proven guilty of heinous crimes and yet by one legal subterfuge or other made for them by attorneys, the convicted men have escaped the death sentences imposed upon them. There are many discouragements for prosecutors in state cases in Cook county.

The revenue department has sent out a notice allowing an extension of time for corporation returns. By making a tentative return for March 15 and a payment of 25 percent of the computed tax, a corporation is granted three months' additional time.

A great many concerns will not take advantage of this extension, preferring to get the agony of compiling and filing their reports off as soon as possible.

International financial affairs are too complex for intelligent discussion by the average man. However, anyone can grasp some of the significance of the statement of Louis Loucheur, versed in the financial condition of France. He says that France cannot pay her debt to the United States now or any other time in money. "You have practically all the gold in the United States," he said, "and yet are demanding payment in gold. It cannot be done. We might in time pay in goods, but never in the gold demanded."

Harvey J. Scone, well known in Jacksonville, is the owner and operator of a large tract of Central Illinois farm land. Mr. Scone was prominent at the Washington conference on agricultural affairs. It is interesting to note that this well informed man, while depreciating certain existing conditions in the agricultural and livestock business, takes issue with many of his farmer friends. Mr. Scone believes that the middle man has his place and is essential. In other words, he thinks the farmer makes a mistake who tries to handle commodities on all the journey from the producer to the consumer.

He is strongly in favor of the plan which is to be tried out in Morgan county, the first one in the state, and will no doubt present an interesting resume of the work proposed. **THE INCREASE IN FREIGHT BUSINESS**  
"The increases in the number of carloads of freight shipped have been so substantiated and persistent since the opening of the year 1922," says the Railway Age, "as to constitute a very persuasive indication that general business is reviving."

"Not only did the number of carloads of freight shipped increase in every week from that ended January 7 to that ended February 4, but in each of these weeks the total shipments were larger than in the corresponding weeks of 1921. The total freight car loadings in the four weeks ended February 4, 1922, were 2,956,766 as compared with 2,812,637 in the same weeks of 1921, an increase of 144,129. While the total number of cars loaded with freight in these weeks was somewhat less than in 1920, it was larger than in 1919 and, in fact, seems to have been larger than in other previous years."

"The most significant feature of this increase in shipments was that it was due to an increase in the number of cars loaded with most kinds of commodities. In the four weeks ended February 4 there was an increase, as compared with the same weeks of last year, of 33,810 cars in shipments of grain, 2,460 cars in shipments of livestock, 17,666 in shipments of coal, 129,476 in shipments of merchandise, and 1,062 in shipments of miscellaneous commodities. Shipments of coke showed a decline of 11,000 carloads, shipments of forest products a decline of 4,456 carloads, and shipments of ore a decline of 16,000 carloads."

"When carloadings began to show an increase in the second week in January it was thought that this might be due to temporary causes. The taxes on transportation were removed on January 1, and it was believed the decline in freight shipments in December was partly due to the fact that some shippers were holding back commodities to avoid paying the tax and would forward them in January. If, however, the increase in shipments had been due to the release of goods held back to avoid the tax, it would hardly have continued at an accelerated rate clear into February."

"After experience with the fluctuations in the railroad and other lines of business during the last year and a half most people are somewhat slow to acclaim any apparent improvement as permanent, or as the harbinger of still further improvements. Certainly, however, if the recent increases in carloading indicate anything at all they indicate a distinct tendency toward improvement in general business."

**Social Events**  
**South Side Circle Holds Annual Open Meeting.**  
About fifty members and guests of the South Side Circle gathered last evening at the home of Mrs. Ollie Parker on West State street for the annual open meeting and banquet. The guests included the families and friends of the members and this open meeting proved one of the most delightful the club has held in recent years.

A delicious four course banquet was served at seven o'clock and the decorations and table favors were in keeping with Washington's birthday. After the dinner hour a program of toasts was given with Mrs. C. W. Lent acting as toastmistress. The following toasts were given:

"The Absent Member"—Mrs. E. L. Kinney.  
"Our Club Yesterday and Today"—Mrs. H. L. Griswold.  
"Miss Chicken and Her Fixin'"—Mrs. W. O. Waite.  
"Miss Salad and Her Trouseau"—Mrs. Grant Graff.  
"Thou Art All Ice"—Mrs. E. L. Pletcher.  
"Thy Kindness Fadeth"—Mrs. E. L. Pletcher.  
"The Daintiest Last"—Mrs. J. J. Reeve.  
"To Make the End Most Sweet"—Mrs. J. J. Reeve.  
"To George Washington"—Mrs. A. Platt.  
"To Mrs. Parker, Our Hostess"—Mrs. W. O. Waite.  
Mrs. Thomas Buckthorpe is the president of the circle and introduced the toastmistress, Mrs. W. L. Robinson and Miss Winnie Wackerle assisted Mrs. Parker as members of the committee in charge of arrangements for this successful affair.

**To Organize Class.**  
A get-together meeting of the young married people of Grace M. E. church was held last evening in the social rooms of the church. The purpose of the meeting was to organize a Sunday school class composed of the young married couples of the church and much enthusiasm in the new class was manifest in last night's gathering. Plans of organization were discussed and Mrs. B. F. Lane gave a piano solo and Mrs. Clarence Rataichak gave a group of readings during the evening. Games and the serving of light refreshments filled the rest of the evening.

**Enthrains Y. W. Cabinet.**  
Miss Elizabeth Cogswell entertained the members of the Y. W. C. A. Cabinet of Illinois college last evening at her home on Caldwell street. It was the regular monthly business and social meeting and only members of the executive committee were present. A delicious buffet supper was served and this was followed by a business session and a general good time.

**Hostess to Sorosis.**  
Mrs. Carlton W. Taylor entertained the members of Sorosis at the regular meeting yesterday afternoon at her home on Grove street. The club is studying art this year and Miss Elsie Trabue had the paper yesterday on "Landscape Painters," taking up the schools of realism and impressionism. Afternoon tea was served by the hostess after the program.

**Cabaret Dance at Elks Tuesday Evening.**  
Al Tierney's won't have anything on the Elks home next Tuesday evening when the local Bills put on the proposed "Cabaret Dance." The whole affair will be carried out in true Cabaret style and nothing will be lacking—not even clever dancing and singing talent—to make the event worthy of the best efforts of the South Side Cabaret King.

The ball room of the Elks home will be attractively decorated for the dance and tables where supper will be served will be placed around the edge of the dance floor. A local orchestra will be secured for the occasion and a royal good time is planned for every one. Special out of town talent has been secured to put on some novelty acts in the way of singing and dancing during the intermissions between dances. The hours for the dance will be from nine to one o'clock and a large crowd of Elks and their friends is expected. The affair is in the form of a Pre-Lenten function.

The committee in charge of this coming event is composed of W. A. Berryman, Donham Harney, Chester Hemphill, Cass Ham, Walter W. Wright, C. Y. Rowe, Homer Ranson, F. E. Wamaker, Wood Phillips, Hugh Breeden, J. W. Lane, Jr., William Floreth, A. C. Bolle, Ed Collins of Prentice; Clarence York, George Beckman, Francis Rantz, Harlan Williamson, A. G. Cody, Lathrop Ward and Clarence Lukeman.

**Entertains Club.**  
Mrs. Walter Rogers entertained the members of her club yesterday afternoon at her home on West College avenue. Only the club members were present and the afternoon hours were spent with fancy work and a pleasant social time. The hostess served a dainty luncheon at the close of the afternoon.

**Surprise Party For Mrs. Swanson.**  
Mrs. S. Swanson was pleasantly surprised at her home on South West street Thursday evening when a number of her friends came to the house to help her celebrate her sixty-second birthday. The party was planned by feature of the evening's program and Miss Ruth Swanson and about fifteen guests were invited. A gay evening was spent with games and conversation and delicious refreshments were served at a late hour. Mrs. Swanson was the recipient of many lovely gifts

and hearty congratulations from her friends.

**Professional Woman's Club Met.**  
A Washington party was the nature of the delightful affair given last evening at the Pilgrim Memorial when the Professional Woman's club held its regular meeting. The hostesses for the evening were Mrs. George Stickney and Miss Maude Ryman. The members were in the picturesque costumes of Colonial days and a feature of the evening's program was the dancing of the Virginia Reel. Appropriate games and music and the serving of attractive refreshments completed the program for the affair. Pretty favors of the Washington's birthday season were presented to the guests.

**Bridge In Honor of Mr. and Mrs. R. Y. Rowe.**  
A delightful affair was the dinner and bridge given last evening by Dr. and Mrs. A. R. Gregory at their home on South Main street in honor of Mr. and Mrs. R. Y. Rowe. A limited number of guests were invited and the function proved one of the most attractive events of the season. A delicious dinner menu was served at six o'clock and the hours of the evening were enjoyably spent in playing bridge.

The Gregory home was artistically arranged for the occasion with spring flowers and pretty dinner favors in keeping with the season were used.

**Washington Party At Shibe Home.**  
Mr. Gerald Shibe entertained a number of girls and boys at the home of his parents, Mr. and Mrs. W. L. Shibe, on Sandusky street, Friday evening. It was a Washington party and the anniversary idea was indicated in the decorations and refreshments. Dancing and other amusements made up the very enjoyable evening program.

**FORMER RESIDENT DIES AT CONCORD**  
Mrs. Grace Eagle Passed Away Friday Evening—Was Daughter of Mr. and Mrs. Henry Northrup.  
The death of Mrs. Fred Eagle occurred at the home of her parents in Concord last evening at 7 o'clock. Decedent was the daughter of Mr. and Mrs. Henry Northrup and was born in Jacksonville May 12, 1892. She was united in marriage to Glenn L. Eagle September 17, 1919. She attended the public schools of Jacksonville up to the time of the removal of her parents to Concord which was about six years ago.

Besides her parents and husband the surviving members of the family are three sisters, Mrs. Arthur Denney of Jacksonville, Mrs. Glenn Whitlock of St. Louis and Mrs. Ethel Weeks, also of St. Louis.

The funeral will be held Sunday afternoon at the Christian church at Concord and Rev. Myron L. Pontius will conduct the services. Interment will be in Concord cemetery.

**CHAS. A. ROWE TALKED TO I. C. STUDENTS**  
Well Known Agriculturist Made Practical Address About Life Work—Farming is a Big Job.  
Charles A. Rowe gave a very interesting and suggestive talk to the students of Illinois College at the chapel exercises Friday morning on the subject of "Agriculture as a Life Work." Mr. Rowe, himself an alumnus of the college, began his remarks in a humorous reference to the occasion forty-two years ago when his father brought him to town and entered him as a student in Whipple Academy.

The speaker suggested that in considering the matter of a life work every young person should ask himself these three questions—(1) What am I naturally chief fitted for?—(2) Is the job of which I am thinking big enough?—(3) What will the job pay me? If one has a natural interest or enthusiasm for any particular calling that in the opinion of Mr. Rowe is one of the chief considerations. He insisted that agriculture, both as a practical calling, and as a scientific study, was a big enough job for any upstanding man.

The farm is not like a machine which can be set going in the morning and practically left for the day or the week. Farming is a job that requires personal attention every hour of the day. The speaker spoke next of the scientific problems connected with the life and growth and the diseases of the plants and animals on the farm. In the matter of financial reward, the speaker evidently thought that farming, while not offering much chance for big profit, did offer an opportunity for a comfortable income and a happy life.

The enthusiastic applause of the students at the end of the address showed that they greatly appreciated Mr. Rowe's talk.

**DEATHS**  
**Barber.**  
The death of John Barber occurred at 7:35 Friday morning at the family residence two miles north of Jacksonville. Decedent was one of the oldest and well known citizens of the county. He had been in poor health since last summer and had sustained the loss of his sight some time ago.

Decedent was born in Jacksonville November 26, 1834, and at the time of his death was 87 years two months and twenty-eight days of age. He was united in marriage in 1854 to Mary J. Grady who preceded him in death in 1915.

Surviving are the following sons and daughters:  
G. W. Barber, Terre Haute, Ind.; Mrs. W. T. Parker, Peoria; E. R. Barber, Peoria; Mrs. Oliver C. Buckley, Decatur; Thomas F. Barber, Jacksonville; Mrs. Grover Miller, Decatur; W. A. Barber, Jacksonville; Alfred J. Barber, Woodson. He leaves also one brother, W. H. Barber of Arenzville; two sisters, Mrs. Sarah Hoagland of Decatur and Mrs. Martha Annom of Ashland, New Hampshire. There are forty-two grandchildren and one great-grandchild.

The funeral services will be held at the Central Christian church at 1 o'clock Sunday afternoon. Rev. M. L. Pontius will have charge of the funeral. Interment will be made in Jacksonville cemetery.

**BLUFFS PASTOR HAD UNPLEASANT TRIP**  
Rev. E. T. Palmer and Party Prevented from Making Trip to Naples by Muddy Roads—Other Bluffs News.  
Bluffs, Feb. 24.—Rev. E. T. Palmer was billed to preach at the M. E. church in Naples Wednesday evening, and Mrs. Palmer was to have rendered a vocal solo. In due season, the Rev. Mr. Palmer, wife, mother and Mrs. B. F. Rockwood started in the former's Ford for Naples. But alas, the roads were muddy and the car stuck in every mud hole and the heavy rains only aggravated the matter. Passing cars helped them out several times, but they got stuck again and again. Assistants came from Naples, with spades, and dug them out and finally they abandoned the trip and started to return, but the car had no notion of returning.

At 2:30 a. m. Thursday folks at home became alarmed and sent a couple of men and a team of mules to hunt for the party. They were located 1 1/2 miles from Naples and pulled into town. All had received a soaking in the rain but were none the worse for the experience.

Mr. and Mrs. Walter Baird of Taylorville were called here a few weeks ago to attend the funeral of the former's sister, Mrs. Margaret Baird. They remained to assist in caring for his father, A. W. Baird who is seriously ill, but were called home Thursday by the sudden illness of their son.

C. A. Phillips was a business caller in Winchester Friday.

Miss Louise Kayser, teacher in the 8th grade was called to her home near Pittsfield Thursday by the serious illness of her mother, who is suffering from an attack of pneumonia. Her place in the grade is being filled by Mrs. Roy Beird.

The members of the M. E. church are preparing for a splendid supper to be held at Lewis hall Saturday night.

Mr. and Mrs. Bert Clifton were called to Decatur Wednesday by the serious illness of a relative.

The ladies of the foreign and Home Missionary Society were pleasantly entertained at the home of Mrs. S. M. Carver Wednesday afternoon.

The body of Mrs. George Baird was taken Friday evening via Wabash railroad to her girlhood home in Bloomington, where funeral services will be held Sunday afternoon. They were accompanied by his sister, Miss Nora Baird, and brother, Lee Baird and wife.

Mrs. Henry Knoepfel is the proud recipient of a box of fine oranges and nuts sent to her by Mrs. Mary Sargent of Redlands, Calif. Mrs. Sargent, a former resident, located in California a year ago.

C. R. Hale, of Decatur, was a business caller in town Tuesday and while here sold his property occupied by Mr. and Mrs. P. C. Burrus to Mrs. George Batley. Consideration \$1400.

Mrs. Harry Beerup is the guest of her mother in Alexander.

The loud and dismal cry for help from the unfortunate war-sufferers in Western and Central Europe calls us to the full realization of our duty to our fellow beings across the ocean. The National Appeal for \$14,000,000 now being conducted by the American Jewish Relief Committee is based on the actual needs of the Jews in Eastern Europe. The sum represents not all that is asked but rather the least that can be efficiently used to save the countless thousands of orphans, old men and women from starvation—even death.

J. S. Murrow, 82 years old, a Missionary among Indians at Atoka Oklahoma for 60 years, sent the following letter to the treasurer of the American Jewish Relief Committee:

"I am not a Jew, I am an old, worn-out Christian, Indian Missionary, a Baptist.  
Your God is my God, your Father, my Father. Your people are my Master's people. Your brethren are my brethren.  
My means are small, but my heart greatly rejoices because of this privilege of sending the enclosed one hundred dollars for the relief of the suffering and starving Jews in Europe."

PRE-EASTER CAMPAIGN  
IN WOODSON CHURCH

Woodson Christian Church engaged in Special Activities During Pre-Easter Period—Other News From Woodson.

Woodson, Feb. 24.—The Christian church is in the midst of the pre-Easter campaign. Various special services have been conducted during the past week, and on April 5 the pastor, Rev. I. H. Fuller, will inaugurate a series of meetings to continue until Easter, April 16. Sunday will be "Whole Family Day," and it is the hope that there will be many families present to hear the excellent sermons to be delivered by the pastor.

John Adams has returned to his home in Condo, N. D., having been called here by the death of his brother-in-law, Wallace Carter.

Miss Hilda Howard, R. N., of Manchester, was a caller here Thursday.

Mrs. Fannie McKean of Jacksonville, spent the week with relatives in Woodson.

Mr. and Mrs. Russell McAllister of Jacksonville, are spending a few days with relatives here.

Mrs. Herbert Owings and little daughter, returned home Thursday from Pearl, where they have been visiting for a week.

Miss Hazel Daniels spent the fore part of the week in Jacksonville with relatives.

Mrs. George Cunningham spent Thursday evening with her mother, Mrs. Hannah Tendick, in Murrayville. The latter has been seriously ill but is now somewhat improved.

Doris Elaine Steinmetz, little daughter, of Mr. and Mrs. Jack Steinmetz, who has been ill for a number of weeks, is not so well at the present time.

The concert given by the band under direction of J. Bart Johnson of Jacksonville, Thursday evening, was a very successful event. A fine program was presented during the evening and was heard by a large and very appreciative audience. The Woman's club served refreshments during the evening and realized a tidy sum therefrom.

## ALEXANDER

Mrs. George Hall has returned home after a two weeks' visit with her sons John Hall in Divernon and A. C. Hall in Springfield. John and William Colwell were Jacksonville business visitors on Friday.

Miss Margaret Jane Harrison has returned to her home in Franklin after a visit with her grandmother, Mrs. Sarah Rubie.

Miss Anna Colwell was a shopper in Jacksonville Friday.

Mrs. C. M. Strawn spent Friday with friends in Jacksonville.

Mr. and Mrs. Harrison Robinson have returned to their home north of Alexander after a visit of two weeks in Monticello.

"THE RAINBOW OF HOPE." (The Clinton Journal.)

Rev. M. L. Pontius of Jacksonville, visiting Rotarian, spoke yesterday at the regular weekly meeting of the Clinton Rotary club, and pleaded his hearers there as much as he did at the men's banquet at the First Methodist Episcopal church Monday evening.

Rev. Pontius took as his subject "The Rainbow of Hope," and pointed out that there is evidence of a bright future for the nation and the world, in spite of what he termed the "dark clouds arising from the present drunkenness with the wines of militarism, commercialism and sensationalism."

The speaker complimented the local Rotarians on the boys' work campaign which had proved so successful. "What the growing boy most needs," he commented, "is active association with an honest, friendly man who will inspire him to do right."

"It is activity of this sort," Dr. Pontius concluded, "that justifies our belief that gleaming against the dark clouds of today there is the rainbow of hope which points to a brighter day. Personal, unselfish service is the light that forms that rainbow out of the storm clouds."

Yesterday's meeting of the Clinton Rotary club was the eleventh consecutive 100 percent meeting. Clinton has headed the district of Illinois for two months in attendance.

NEW CLASS FOR GRACE S. S. ORGANIZED

At a meeting held at Grace M. E. church Friday evening a Sunday school class was organized for the young married people of the church. After a brief informal program came the business session, when the matter of organizing the class was discussed.

The initial meeting of the class will be tomorrow morning at the Sunday school hour, and A. T. Capps will be the leader. All young married people of the congregation are asked to become associated with the new class, the outlook for which is very promising.

After the business session last night came a social hour and the serving of light refreshments. Those present were, Mr. and Mrs. B. F. Lane, Mr. and Mrs. Clarence Ratachak, Mr. and Mrs. L. D. Meldrum, Mr. and Mrs. Walter W. Wright, Mr. and Mrs. Lloyd Ross.

Mrs. W. H. Wright, of 426 S. Main street, has returned from an extended visit with her daughter in Springfield.

PREPARING FOR WORK  
ON HOSPITAL STRUCTURE

Letter From Dr. Hill to American Legion Answers Query About Prospects for Early Action With Reference to Building for Ex-Service Men.

Recently Adjutant Reaugh Jennings under the direction of the American Legion, wrote a letter to E. L. Hill, managing officer of Jacksonville State Hospital, asking what progress is being made toward the early beginning of work on the new building designed as an educational center for ex-service men.

In replying Dr. Hill stated that a number of the contracts covering the building have been let and that it is the intention to push the work as much as possible. Dr. Hill's letter on the subject was as follows:

"Because of the crowded condition of the hospital which now has a population of 2,350 patients and also because of the fact they have a large number of soldiers whom the management feels are not receiving adequate care, because of this crowded condition, they have made strenuous efforts to bring about the erection of the new building at the earliest possible moment."

"The efforts of Senator Wheeler, who is also very anxious to see this put through, have been secured and through him we have learned contracts have been let for materials amounting to something over fifty-three thousand dollars. The new superintendent of construction of this building was on the grounds yesterday looking over the situation. He will have charge of this work but all work will be done by local mechanics as far as possible. Nine trucks and block making machines will be shipped from Elgin and Anna State Hospital to take care of the hauling and construction of the blocks to be used in the erection of this building."

Attorney General Daugherty declared that "the enemies of law and order are more active than ever before in sowing the poisons of lawlessness and unsound and experimental theories of government."

"They have," he added, "a small portion of the American Press and likewise their orators, chattering and propagating their vicious theories of government and casting unjustifiable reflections on men holding public office with the intent to undermine the confidence of the people in them."

The resolution adopted by the conference, aside from approving the recommendation of the American Bar Association respecting the college course held that it is "the duty of the legal profession to strive to create and maintain standards of legal education and rules of admission to the bar which will protect the public both from incompetent legal advisers and from those who would disregard the obligations of professional service."

The resolution further provided that we feel that the law schools should not be operated as commercial enterprises and that the compensation of any officer or member of its teaching staff should not depend on the number of students or on the fees received.

THE SPINAL COLUMN IS THE KEY TO THE SITUATION

IN A VERY LARGE MAJORITY OF DISEASES, THE CHIROPRACTOR devotes little time to symptoms or effects but turns at once to the spine, where he knows by experience the cause of the trouble will be found.

and common sense methods without drugs or instruments are used to restore the spine to its normal condition, thus removing pressure on the nerves, enabling them to resume their all important functions, and restore the body to a condition of ease-health.

Can You See Your Ribs?

"It wasn't that I wanted to get fat,—no, I just wanted to put on about 8 pounds more flesh, then I'd be just right. I've nibbled at diets, gorged big meals, I've haunted health resorts, been to fine climates, guzzled milk, buttermilk, olive oil, emulsions, swallowed pills, digestion facts, and a host of other "won'ts" works. Finally, it dawned on me. None of these things was building up the new red blood cells I needed. I took S. S. S., the greatest blood-cell builder, firm-flesh producer, blood-cleanser known. I put on 7 pounds in a month, and my nerves, instead of strings feel like wire. S. S. S. has the world beat."

S. S. S. is guaranteed purely vegetable in its medicinal ingredients. It has produced amazing results in building up run-down, thin-faced, nervous men, and in making women of all ages more plump and beautiful, and younger looking. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

**QUICK RELIEF FROM CONSTIPATION**

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years, and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "feature" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "black, brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

**J. H. S. WILL PLAY SPRINGFIELD TONIGHT**

Local Basket Tossers go to Springfield for Reunion Game—Second Play Griggsville Here.

Coach Mitchell's Jacksonville High school basketball squad will go to Springfield on the Wabash this morning, where they tackle Springfield high in a return game.

The local squad has not been going as well in recent games as they did earlier in the season. However, they may be depended to put their best game against Springfield. If they play their best it should be good enough to beat Springfield.

Coach Baird has built up a new combination since the team played here. Parkinson, captain of the team, fell down in his studies and is out for the remainder of the season. Baird was compelled to rearrange his team.

The new combination has been going great guns in the last few games and undoubtedly is a better team than that which faced Jacksonville here. It is also said that the style of play has been changed and it may be possible that the locals will have some trouble solving the capital city attack.

If road conditions are good it is probable that at least one hundred rooters will drive over to the game. It is said that the Springfield-Jacksonville bus will also make trips this afternoon to accommodate those who have no cars.

One thing we are hoping for. That is that the sports writer of the State Register gets himself a pair of glasses before the game. In telling the story of the game here the Register writer said that Parkinson was hit and knocked senseless and while in that condition tried to toss the ball into the Jacksonville basket. On the rebound Jacksonville got the ball and made the basket.

The facts of that incident are that Hall, center, for Springfield, got a finger stuck in his eye in a scrimmage and Parkinson was not hurt at all. Anyway, we never heard of anybody doing very much while knocked senseless.

While the first squad is battling with Springfield the fans who are unable to attend the game there will have a chance to see a fast contest as the seconds will meet Griggsville high in David Prince gym.

The seconds made an excellent showing at Franklin and the game should be full of action. The game here will start at 8 o'clock and R. E. Harmon will officiate.

**SCHOOL SKATERS READY FOR TOURNEY**

CHICAGO, Feb. 24.—Teams from the public schools of New York, Cleveland, Detroit, Chicago and Milwaukee, were given final workouts today for the National Intercollegiate skating tournament scheduled for tomorrow. Coaches expressed satisfaction with the preliminary showings of their teams and gave promise of a hard fought contest for the national title and the trophy donated by the city of Chicago for the victors. Ideal weather is in prospect for the event. Teams will be divided into elementary, junior high and senior high divisions and a card of three events provided for each division. Awards will be made on individual scores. New York sent 18 skaters, Detroit 18, and Milwaukee 24.

St. Louis, Mo.—"I had troubles that all women are apt to have, with pains in my back, weak, tired, nervous feelings and a weak stomach. I had been this way about a year and was unable to work or stand on my feet for any length of time. My husband's aunt told me how much good Lydia E. Pinkham's Vegetable Compound had done her and begged me to try it. So I did. All my pains and weakness are gone, my stomach is all right and I do my work as usual. I am also working for the Vegetable Compound, I recommend your Vegetable Compound to my friends and you may publish my letter as a testimonial." — Mrs. LUDY LUCAS, 719A Vandeventer St., St. Louis, Mo.

Again and again one woman, the mother of the merit of Lydia E. Pinkham's Vegetable Compound.

You who work must keep yourself strong and well. You can't work if you are suffering from such troubles. Mrs. Lucas couldn't. She tried our Vegetable Compound and her letter tells you what it did for her. Give it a fair trial now.

**ILLINOIS LOSES GAME AT EUREKA**

Come Back in Second Half and Nearly Overhaul Visitors—Poor Work in Free Throwing Main Cause of Defeat.

After being on the short end of an 18 to 3 score at the end of the first half Illinois College came back in the tilt with Eureka last night and outplayed her 28 to 10 in the second half. Had it not been for poor throwing on fouls the blue and white would have won the game.

Eureka made ten fouls during the contest and Mellon, Antrobus and Hiatt all took turns at tossing the ball. However, the sum total of their efforts was two baskets. Had half of the throws been successful it would have given Illinois the game.

Eureka put up a much stronger game last night than she did here. Coach Harmon over the telephone told the Journal that Illinois' work in the first half was similar to her work in the second half of the Bradley game here when she failed to score a point.

When the men came back in the second half it looked like a different team aside from the free throwing. The same kind of work throughout the game would have made the locals easy winners.

In the Eureka contest Dale and Mellon did the best work each making eight points. However, Cully continued his consistent work and tossed two baskets.

For Eureka Kirby was the main corner, getting half of the team's 28 points. The Illinois team stayed in Peoria last night and today journeys to Lincoln where the Lincoln College team will be met tonight. The men are not downhearted over their defeat and are determined to grab the game with Lincoln.

**WHITE HALL WINS FROM GRIGGSVILLE**

Score of 37 to 16 Was Result of Free Throwing Game at White Hall—Is Ninth Straight Victory for Greene County Play-ers.

White Hall, Feb. 24.—The White Hall high school basketball team won the ninth straight victory here Friday night, when the Griggsville boys were defeated by a score of 37 to 16. The game was played in the gymnasium and was witnessed by a large and enthusiastic crowd. White Hall easily outclassed Griggsville, although there was considerable foul-which slowed up the game at times. The team started off at top speed but the locals outplayed the visitors at all points of the game. The score at the half way mark was 26 to 6. England, White Hall's center, led in scoring with 12 field goals, while Goode was second with 17 points and Boyd third with 12 points. Griggsville was held to four field baskets during the game. Only one of which came in the first half. The score:

**COAL OPERATORS-MINERS WILL BE ASKED TO CONFER**

Secretary Davis Will Act at President Harding's Direction

(By The Associated Press)  
WASHINGTON, Feb. 24.—Coal operators and miners in the central competitive field probably will be called into conference by Secretary Davis, acting at the direction of President Harding to consider renewal of the wage and working conditions contract expiring April 1, it was said today at the white house.

The administration, it was added, expects miners and operators to negotiate a new contract. It was indicated that the proposed conference would meet prior to expiration of the existing wage agreement.

Such a meeting it was said would not conflict with a rule of Federal Judge Anderson of Indianapolis which forbade operators and miners, to deal with one another. This was said to be the view of the justice department.

**COLLEGE WOMEN ARE INTERESTED IN FRANCHISE**

Speaker Says Have Best Training to See its Value

(By The Associated Press)  
CHICAGO, Feb. 24.—Enfranchisement of women is of particular interest to college women, said Mrs. Maed Wood Park, president of the National League of Women Voters at a meeting tonight of the National Association of Deans of Women's Colleges, because college women have the best training to enable them to appreciate the value of suffrage. Also she added she opens up to college women many professional opportunities and positions of leadership in civic and political undertakings.

Mrs. R. F. McWilliams, president of the federation of university women in Canada outlined the relationship of American and Canadian college women.

Other speakers this evening were Charles Ormond Williams, president of the National Education Association and Mrs. George W. Plummer, secretary of the General Federation of Women's Clubs.

Mrs. Edna Loughary returned home Saturday after several weeks' stay in Virginia.

Miss Millie Wiswell is able to be up again after several days' illness with lagrippe.

The prayer meeting was well attended Sunday evening at Grace Chapel church. Services were conducted by Harry Brainer. Leader for next Sunday evening will be Harry Ogle. Each one is to bring a verse of scripture with the word "faith."

Elias Brainer and son Harry were business visitors in Jacksonville Monday.

Everett Mason was given a very pleasant surprise Monday evening on the occasion of his 14th birthday. The young man was given a genuine surprise. The evening was spent with games, contests and music. Refreshments of ice cream and cake were served. He also received quite a number of beautiful gifts from those present. During the evening the birthday cake a large angel food, was cut. Russell Rundel found the dime. Opal Roe, the needle; Floyd Mason, the thimble, and LaRue McGinnis the ring. At a late hour the guest departed after a most enjoyable evening, wishing Mr. Mason many more happy birthdays. The company included: Misses Lillie Thompson, Vina Logan, Esther Tuttle, Opal Roe, Marie Mason, Marie Parlier, Dorothy Brainer, Leitha Mason, Tina and Helen Hale; Messrs. **SAILOR FREEDMAN ACQUITTED OF CHARGE**

CHICAGO, Feb. 24.—William (Sailor) Freedman, lightweight boxer, was discharged today when arraigned in police court on complaint of Fred Greenfield on a charge of assault with intent to kill. Greenfield declared that Freedman struck him in the face and shot him in the ankle, on January 7, following an altercation over a controversy about the fistie ability of the latter.

Several witnesses supported the statement of the pugilist that Greenfield was wounded by the accidental discharge of his own revolver in the struggle which followed Greenfield's brandishing the weapon.

**ROUTT HIGH WINS ITS LAST GAME**

Defeated Virginia High by Score of 30 to 14—Game Was Fast But Routt's Guarding Was Too Strong for Visitors.

Routt High school won its last game of the season Friday evening when it defeated Virginia high in Liberty hall by a score of 30 to 14.

The game was well played but the guarding of Routt was too strong for the visitors who were unable to get but five field baskets during the contest.

Routt has been going well in recent games and the men seem to have gotten on their stride. It is unfortunate that they have no more games scheduled. In the contest last night every regular on the Routt team broke into the scoring.

All of the substitutes were given a chance also and while they did not score they gave a good account of themselves and should prove good material for the local school next season. Gebert was the high scorer for Routt, Moulton made most of Virginia's points. The score:

**TENDLER GIVEN REFEREE'S DECISION**

NEW YORK, Feb. 24.—Lew Tandler of Philadelphia won a referee's decision over Hyman Gold of California in the eighth round of their bout tonight.

The decision came when Gold after claiming a foul in the seventh refused to leave his corner at the sound of the bell for the eighth.

Referee Kid McPharland counted ten over the western boxer as he sat huddled in his corner, apparently in pain.

Once the referee had warned Tandler against hitting low but he had refused to listen to Gold and his seconds when they claimed one of the easterner's blows in the seventh had landed below the belt.

In most of the rounds up to the seventh Gold had held his own, bringing blood to the Philadelphia's nose in the second and sparing him with hard rights to the jaw on other occasions.

Gold appeared to have trouble in defending himself against Tandler's body attacks. Altho he seemed the better of the two in the sparring at long range.

Madison Square Garden was filled with a capacity crowd, the majority of the fans seeming to favor the Californian. Many booed the judges and the referee and cheered for the western boy as he was helped from the ring.

Physicians who examined Gold immediately after he was led to his dressing room announced that they had failed to discover any evidence of a foul blow.

## "HERBERTS GREATER MINSTRELS" COMING SOON

What is said to be the most stupendous consolidation of negro minstrel talent ever offered the theatre going public is promised at the Grand Tuesday night, where "Herberts Greater Minstrels" will hold forth. With this offering described as a mammoth festival of incomparable proportions, embraces all that extravagance can possibly conceive, suggest or imagine.

A most stupendous aggregation of Ethiopian celebrities and unsurpassed delineators of the genus Africanus—form what might be termed a real "Three Ring Circus of Minstrelsy," inasmuch as it comprises a number of novelty acts including "Gray and Gray Strong Man and Lady Iron Jaw Artists, Comedy Juggler, Herberts Comedy Four," and a host of other surprises. It is the tenth annual tour of this "Great Minstrel Institution" and is always welcomed with open heart by minstrel loving public. This gigantic organization numbers forty stars of the colored minstrel firmament.

Baseball was played in New York as early as 1842.

## AGED CASS COUNTY RESIDENT DEAD

Funeral of James Clifford Held at Virginia Friday—G. A. R. Had Charge of Services.

Virginia, Feb. 24.—The funeral of the late James Clifford was held here this afternoon and was very largely attended. The deceased was one of the long time residents of the county, and the records show that he was the second white child born in Virginia. Many of the old time friends, not only from Virginia, but from the country about, were present for the services.

Rev. D. V. Gowdy, pastor of the Methodist church of Virginia, was in charge. The minister read a number of appropriate passages of Scripture and then commented upon the long and useful life of the deceased. He said that death at such an age, following a life of service meant simply a stepping across the threshold into another room.

Music was furnished by a quartet from the Methodist church, and the bearers were members of Downing Post, G. A. R., of which Mr. Clifford was serving as adjutant at the time of his death.

As indicated the deceased spent all of his life in Cass county other than the three years and three months that he was in the army service. The burial service of the G. A. R., was carried out at the home so that the veterans need not stand so long about the open grave at Walnut Grove cemetery where interment took place.

There the service was brief. Members of the G. A. R., served as bearers to the cemetery and there the burden of the heavy casket was taken by eight members of the American Legion post. The service thruout was very impressive.

The Virginia Republican-Gazette in referring to Mr. Clifford's death had the following paragraphs: "Mr. Clifford was born in Virginia, November 18, 1840. He was at the time of his death, the oldest native born resident of Virginia who had lived here continuously with the exception of Robert H. Hall.

"Mr. Clifford's father was Lawrence Clifford, who was a native of Ireland, having been born in County Tipperary in 1800, and who emigrated to this country in 1826, coming to Virginia in 1836. His mother's maiden name was Marion Cribbiss, and she was born in Edinburgh, Scotland.

"At the beginning of the Civil War, Mr. Clifford responded to Lincoln's call for volunteers and enlisted in the 33rd Regiment, Co. K, Illinois Volunteer Infantry, where he served out his enlistment period of three years, remaining in the army three months longer. He served thru the southeast Missouri and Red River campaigns, and was with Grant at the siege of Vicksburg. A few years ago, at the time of the dedication of the Illinois Monument in the National Cemetery at Vicksburg he had the pleasure of visiting the battle field and had no trouble in finding the exact location where his company was fortified during the siege.

"Mr. Clifford had always been an active member of the local G. A. R. post, and at the time of his death was the quartermaster. He was a contractor and builder, which trade he followed successfully until a few years ago, when his age required his retirement."

## HIGH SCHOOL NOTES.

Responses from the various cities in regard to the sale of season tickets for the district tournament have been received at the principals' office and the results show that all the tickets that can be supplied will be sold. In fact, the demand will probably exceed the supply, as White Hall has not definitely given an order and it is understood that the Greene county school wants about 100 tickets more than it will be possible to send. The tickets for other towns have been called for as follows:

Waverly, 60.  
Franklin, 7.  
Rushville, 30.  
Bluffs, 6.  
David Prince, 20.  
Jacksonville High, 200.

A great deal of enthusiasm is being manifested in the Jacksonville-Springfield game tonight. If the roads are in any sort of condition about one hundred or more local rooters are planning to make the trip to the capital city. A pep meeting was held yesterday afternoon after school hours and speeches by members of the team and plenty of lusty and enthusiastic yelling evidenced the fact that tonight's contest is being contemplated with lively interest.

**The Jewish Relief Drive ends March 1st. Mail your contributions at once to Ben Cohen, chairman. Shall they glean in vain? Help save a few souls.**

## DR. EAST TO HOLD ALL DAY CLINIC

Dr. C. W. East of Springfield, will hold an all day clinic for crippled children on Wednesday, March 1st at the Red Cross rooms in the Jacksonville public library. Miss Grace Carter, chairman of the Red Cross nursing activities committee, has sent out letters to all the doctors in the county and it is hoped that the coming clinic will be the most successful that has been held. Those clinics have proved of untold benefit to the little crippled children of this vicinity and the work which the Red Cross is doing in connection with cases of this kind is especially humanitarian in its aim. It is hoped that in the near future this clinic will come under the jurisdiction of the Jacksonville Clinical Association. Such an arrangement will bring about a better understanding and closer cooperation between doctor and patient and it is sincerely hoped that it may be accomplished.

## CORN FOR NEAR EAST.

The contribution for the near east relief came to the Farm Bureau office Friday morning in the form of a check for \$15 from Edwin Goff of Prentice. J. W. Cleary of the Lewis-Cleary Elevator company reported yesterday that Gottfried Tendick had brought 32 1-2 bushels of corn to the elevator for the near east relief fund. Mr. Cleary stated that if enough grain to make up a carload to send from Morgan county was not secured, he would purchase the corn and the Farm Bureau office could get the money. Present indications however are that the quota for this county will be easily raised and a carload of grain from Morgan county will be sent by the farmers as testimony of the interest that America has in the suffering peoples of the near east.

## NOTICE TO TAXPAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estates should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

"When I say that I weigh 225 pounds more than I did a short time ago it speaks volumes for the merit of Tanlac," said Joe B. Drake, 430 Belmont Avenue, Springfield, Mass.

"The first thing Tanlac did for me was to give me an appetite and tone up my stomach. It wasn't long before I was eating things I hadn't dared touch for years and anyone to see the heavy way I eat now would find it hard to believe that a few weeks ago I was dyspeptic and living on the lightest kind of diet."

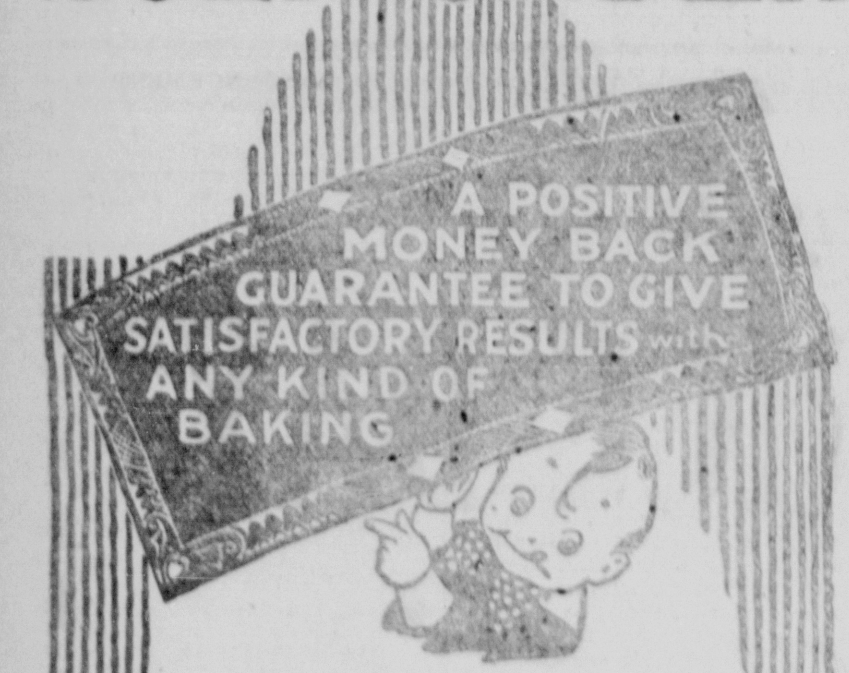

"Another good thing Tanlac did for me was to drive the rheumatism almost entirely out of my system. In fact, I can truthfully say it has made me feel like a new man in every way. It certainly is a grand medicine."

Tanlac is sold in Jacksonville by Coover Drug Co. and J. F. Shreve, and by leading drug stores in every city.

SUDDEN UPURNS  
IN WHEAT PRICES

By Associated Press.  
CHICAGO, Feb. 24.—Indica-  
tions of a lively export demand led  
to a sudden upturn of prices at  
the last in the wheat market to-  
day after a material decline. The  
close was unsettled 2¢ net lower to  
3¢ advance, with May \$1.44 to  
\$1.44 and July \$1.24 to \$1.24.  
Corn gained 1½¢ to 1½¢, oats fin-  
ished a shade to 1¢ off and  
provisions varying from a setback  
of 20 cents to a rise of 5 cents.  
Changes from the selling to the  
buying side in the wheat market  
were numerous and hurried near  
the end of the day, work having  
passed around that new export  
sales of wheat totalled 700,000  
bushels including 200,000 bush-  
els at the Gulf of Mexico and  
that Greece was asking for offers  
on 1,600,000 bushels.

Previously values here had been  
tending irregularly down grade,  
and at one time the May delivery  
was as much as 7 cents under the  
recently attained high price record  
for the season. Sales during the  
decline were based largely on  
reports of moisture in Red drought  
region southwest and forecasts of  
more. Most selling was in small  
lots from miscellaneous sources.  
The fact that large holders of  
wheat appeared to be undisturbed  
by drops in price had considerable  
influence in the readiness with  
which the market rallied at the  
finish. On the other hand receipts  
in the southwest continued liberal  
and crop reports from here were  
much more favorable than has  
been the rule of late.

Smallness of rural offerings  
gave independent strength to the  
corn market, notwithstanding  
much selling here to realize prof-  
its. Liquidation on the part of  
owners of oats was heavy.

Lard averaged a little higher in  
price with hogs. Pork and ribs  
declined owing to absence of de-  
mand.

DUN'S REPORT  
TODAY WILL SAY

By Associated Press.  
NEW YORK, Feb. 24.—Dun's  
tomorrow will say:  
"The week has been productive  
of a further moderate enlarge-  
ment of the volume of business.  
While clearly lacking uniformity,  
the betterment of conditions is  
more distinct in different branches  
of enterprise and indications  
point to continued gradual and  
irregular progress. Response to  
the recent noteworthy rise of  
grain prices has appeared in the  
strengthened confidence and in-  
creased buying of merchandise in  
the west and financial sentiment  
has reflected the easier money sit-  
uation and the upward trend of  
securities markets. Unfavorable  
aspects are still conspicuous and  
will not be quickly eliminated but  
the underlying factors that will  
govern the future course of busi-  
ness are more reassuring and more  
positive evidence of revival is dis-  
closed in iron and steel and else-  
where. Seasonal expansion of op-  
erations begins to develop in  
various trades and unemployment  
of workers altho remaining an un-  
satisfactory feature, is rather less  
extensive than recently."

Weekly bank clearings, \$5,466,-  
995,763.

MRS. MARY R. ALLEN LAID TO REST FRIDAY

Funeral Services Held in Memory of Former Resident—Burial in Jacksonville Cemetery.

Funeral services in memory of Mrs. Mary R. Allen, former resident of Jacksonville who died in Chicago Wednesday, were held at the Reynolds Mortuary Friday afternoon at 1:15 o'clock. The services, which were of an impressive kind, were conducted by Rev. J. H. Harker, a long time friend of the Allen family.

Dr. Harker read the 23rd Psalm and the 14th chapter of John, and then referred to the earnestness and unselfishness of Mrs. Allen's years. He said that the life of an elderly person is rich in several ways. First, it is rich in its experiences. Youth takes things on faith and believes in the Bible as giving the promises of God, but to the older person these promises have been verified and are realities.

Then the richness of memory belongs to the aged, and they are fortunate in that the pleasant recollections so far outweigh the sad. So a sustaining power comes in the later years, founded upon the joyous recollections of a lifetime.

Dr. Harker presented the following facts about Mrs. Allen's life: Mary Rutledge Patterson was born June 11, 1841, in Jacksonville. She attended Illinois Woman's College and was graduated in 1859 and has always had a warm affection for the institution. She married Ellis M. Allen two years later. Their first child, Lizzie Augusta, died when less than a year old.

Mrs. Allen joined the old East Charge Methodist church in early girlhood and was an ardent supporter of the church and its missionary societies—both the Woman's Foreign and Woman's Home Missionary Societies and was at one of the organizers of the W. C. T. U.

For the past seven years Mrs. Allen had been a helpless invalid but even in the years of infirmity she retained her interest in her church and in the community in which she resided. Thru the years of invalidism she was given the most devoted care by her two daughters.

Mr. Allen, who is remembered by many of the older residents of

the city, died in 1886. Surviving are the two daughters, Misses Clara and Bertha Allen, and a foster son, Robert Hamilton of Los Angeles, Calif. The daughters and Julia Patterson of Chicago accompanied the remains here.

At the services yesterday the flowers were in charge of Mrs. H. P. Samuel and Mrs. W. G. Gobel. Interment was in the Jacksonville cemetery where Mr. Allen was buried years ago. The bearers were F. H. Rowe, C. Y. Rowe, W. G. Gobel, Gus Barcroft of this city and Julian Patterson of Chicago.

Altho Mrs. Allen had removed from this city so many years ago she still loved Jacksonville and returned to the city often in memory. She was very fond of poetry and she repeated often the verses of one poem which she said always brought to her mind thoughts of this city. These were the lines she held in precious recollection:

A Memory,  
O, happy little town I love,  
Rememb'red me;  
O, bluest sky that arched above  
My joy's in thee.

O little town of memory,  
O, past so fair,  
For my heart returneth now—  
"The graves are there"

O distant little town I love,  
Here 'gainst this pane,  
My cheek grows cold for thee  
And, past the rain  
Beating down furiously,  
Thy forms appear,  
Thy voice calls from the gloom  
around—  
"The graves are there."

O, sorrowed little town I love  
So mayest thou be  
When comest thy child alone  
To sleep in thee,  
To lay her with the rest,  
Safe in thy care,  
To slumber on thy breast—  
"The graves are there!"

VERDICT RETURNED IN MASON CASE

Coroner's Inquest Does Not Develop Significant Facts Relating to Suicide of Long Time Resident.

The jury empaneled by Governor Rose to inquire into the death of the late William Mason returned a verdict Friday. The language used was as follows: "William A. Mason came to his death by asphyxiation, gas being administered by his own hand with suicidal intent. We find that his action was caused by financial difficulties in which he had become involved."

The jurors were, G. W. Patterson, E. R. Carter, James W. Finch, R. Lee Rexroat, Homer G. Cully and Fred Eyre. No sensational facts were developed in the testimony of the various witnesses examined. William N. Haingrove was present as attorney, representing the heirs of Mr. Mason.

Dr. A. M. King testified to the condition of Mr. Mason's body and the two notes that he had found near it, indicating that the deceased had lost a considerable sum of money in real estate deals. L. R. Craig, at whose home Mr. Mason had a room, testified that Mr. Mason had seemed under great mental stress for several months past.

Fred Lane was the next witness and gave some facts with reference to Mr. Mason's business affairs. He said that the last transaction in which he was interested with Mr. Mason took place more than a year ago, when some city property here was exchanged for a farm near Oakford, Mo.

The fourth witness was George W. Nations of Barry, with whom Mr. Mason had some real estate transactions and no new facts were developed. Other witnesses were, Judge E. P. Brockhouse and J. W. Jackson, both of whom merely testified to general facts because of their acquaintance with the deceased.

MISSION CIRCLE OF LITERBERRY MEETS

Members of the Mission Circle of the Literberry Baptist church met at the home of Mrs. William Brown Friday afternoon. Most of the members were present and they found the program very much worth while. A paper was presented by Mrs. John Hunter on the theme, "When the Evil Days Come Not." and Mrs. John Gay also gave a paper, her subject being "The Mere Man Finds His Neighbors." Victrola music was also a pleasing feature of the program.

In accordance with custom the members enjoyed a social hour at the close of the program. The hostess served delightful refreshments before the guests departed. The next meeting of the Circle will be on Friday March 31, at the home of Mrs. C. A. Beavers.

HOWITZER MEN RECEIVE THEIR PAY

Howitzer company No. 130 met at the armory last night to receive their pay for the semi-annual allotment of the government. The money to be dispensed to the members is \$2,000.

The membership of the Howitzer company is sixty-five and the company is fully equipped with a complete outfit of infantry. Members of the company will be paid according to the number of drills participated in. Quite a few of the members have never missed a drill besides seventeen days service last year at Camp Lincoln and these will receive extra pay.

The Howitzer company expect to participate in a brigade encampment at Rock Island in July and while there will be under the instruction of regular army veterans.

FUNERALS

Jackson.

The funeral of Mrs. Margaret Jackson of Decatur was held at the Gillham Funeral Home at one o'clock Friday afternoon. The brief service was in charge of Rev. C. D. Robertson of Centenary church. A number of relatives of the deceased from Decatur were here for the service. Interment was in Diamond Grove cemetery.

Hillierby.

A large number of sorrowing friends and relatives gathered at Grace church yesterday afternoon at 2 o'clock to pay a last tribute to the memory of Rev. J. P. Hillierby, veteran Methodist minister who passed away at his home here Thursday morning. The services were in charge of Rev. T. H. Tull of Grace church; Dr. J. R. Harker of Illinois Woman's College, and Rev. E. L. Pletcher, district superintendent. The services were simple and at the request of Rev. Hillierby there were no eulogies.

Miss Bertha Tull sang, "Home of the Soul," and "From Every Storm a Wind That Blows." Mrs. J. Edgar Martin accompanied her and also played some fitting selections on the organ.

The many beautiful flowers were cared for by Mrs. William Cocking, Mrs. H. P. Mohr and Mrs. M. E. Gilbert.

Interment was made in Diamond Grove cemetery. The honorary bearers were, Rev. G. W. Randle, Rev. E. A. Bracewell, Rev. G. W. Weizel, Rev. C. D. Robinson, Rev. F. M. Rule and Rev. Rhinehardt. The active bearers were, H. P. Mohr, J. A. Vollrath, J. J. Reeve, Fletcher Hopper, Hugh Green, and Thomas V. Hopper.

S. S. PRECINCT MEETING SUNDAY

Jacksonville Sunday School Precinct will meet in convention Sunday afternoon at 2:30 at the Congregational church. Representatives from all the Sunday schools of the city are expected to be present. Officers for the precinct will be elected at the meeting.

W. H. Crum, the president for the last year will preside. An interesting program has been arranged. Devotional exercises will be conducted by Rev. George E. Stickney which will be followed by special music. Reverend Myron L. Pontius will address the convention on "Week Day and Vacation Sunday School Work" and this will be followed by music after which Rev. W. E. Spooner will talk on "Cooperation in Sunday School." A business session will then be held and an offering will be taken and then the convention will hold a divisional conference. Mrs. Walter C. Rabjohn will conduct the division of children's work and H. A. Williams, the Young People's work. The Adult work will be under the leadership of Dr. G. H. Kopperl. Closing remarks will be made and the benediction pronounced by Rev. T. H. Tull.

MATRIMONIAL

Pevey-Woods.

The marriage of Samuel E. Pevey and Miss Ruth Woods, both of Waverly, was solemnized Wednesday afternoon in this city. Rev. C. D. Robertson officiating at his home on East State street. The young people were attended by the bride's mother and the groom's father and two sisters.

Both bride and groom are members of prominent families in the Waverly neighborhood, and they have many friends to extend congratulations and good wishes. They will make their home on a farm near Waverly.

CITY COUNCIL ASKED TO ADOPT CITY COLORS

If the city council takes favorable action, blue and gold will become the official colors of the city. This matter is to be presented at an early session of the city council with recommendation from the Chamber of Commerce that the colors be given official recognition.

These colors were suggested by the automobile and members of the trade extension committee of the Chamber of Commerce. These colors will probably be used for the first time in the decoration plans for the auto show and merchants' and manufacturers' exposition next month.

FOUR ROTARIANS HEARD BY CLUB

Program at Friday Luncheon Was in Observance of Birthday Anniversary—Plans Making for State Meet.

An educational program was carried out at the Friday luncheon of the Rotary club at the Pacific hotel, with Harry M. Capps, past president, presiding. The program for the day had been arranged by a special committee in accordance with the general wishes of the International Rotary organization.

It was planned to have the anniversary of Rotary observed by an educational program in clubs throughout the world during the week of Feb. 12 to 18. The addresses were made by Frank J. Heintz, Robert W. Woolston, Harry M. Andre and Charles J. Buhner.

Secretary Kopperl announced that a letter from Taylorville stated that the Rotary club there had endorsed the candidacy of M. L. Pontius for the district governorship and some other encouraging facts were given by the campaign committee.

E. M. Spink gave some additional facts about the plans to have large representation of the local club at the state meeting in Decatur, March 21 and 22, and H. L. Caldwell of the committee, appointed with reference to the international convention in Los Angeles, gave some facts about transportation costs and hotel reservations.

Mr. Heintz had for his theme, "Rotary in the Past," this subject having been assigned him because it was he who took the original action which resulted in the organization of the Jacksonville organization. Mr. Heintz considered his subject in a broad way taking into account what the Rotary movement means both locally and in general. A subject of serious import was enlivened with numerous apt stories.

Mr. Woolston talked in forceful vein of "The Future of Rotary," dwelling especially upon the importance of the work that Rotary clubs are doing in connection with boys' work. He related the facts about the development of the juvenile court, showing that interest in boys in a practical and valuable way has come about only in comparatively recent years. Mr. Woolston believes that in work for boys that Rotary clubs find their best expression.

H. M. Andre and C. J. Buhner spoke in a personal way of "What Rotary Membership Means to Me." Both men referred to the better understanding that comes about thru intimate association in Rotary and said that in such an organization a member cannot but be impressed with the value of service to others.

Among the visitors of the day were, J. P. Lippincott, Jacksonville; Booth Platt, New York City; Eric Allstrom, Evanston and S. H. Tulehain, Chicago.

NEW JUVENILE BOOKS AT PUBLIC LIBRARY.

"Old Granny Fox" by Thornton W. Burgess is the story of a wise old lady fox. So wise that Reddy Fox didn't dare so badly after all. It is the fourth and last of the Green Meadows Series.

"The War Trail," by Elmer R. Gregor, is a striking Indian story, written with all the knowledge possessed by the author concerning the real life of the Indian in the wilds. Those who have read his "White Otter," will want to read this book.

In "Jim Spurling Murman," by A. W. Tolman we have the second story in his splendid series. This is full of thrills and a lot of fascinating information about the romantic as well as technical side of sawmill life.

"The Mysterious Rifleman," by E. T. Tomlinson is a striking piece of Revolutionary history. The incidents are historically correct and make up a narrative that is exciting reading and gives an excellent picture of the times. The events center around Wilmington, North Carolina, when the feeling between the Whigs and Tories

was running highest and the armies of Green and Cornwallis were fighting through the region. It is a story full of the spirit of the times of revolution and makes very real for boys the stirring events of those days.
